CYBER INSURANCE

FAST TRACK

cysurance | Kaseya Cyber Insurance Fast Track Program Overview |

About Cysurance

Cysurance is a specialized underwriter that certifies cybersecurity solutions for warranty and cyber insurance programs. Cysurance uniquely combines our certification warranty with cyber insurance plans to protect against the costs associated with cyber incidents.

Kaseya Cyber Insurance Fast Track Program

As part of the Kaseya Cyber Insurance Fast Track Program, Cysurance serves as the first line of financial response by offering up to \$500,000 in warranty benefits and \$1 million to \$5 million in cyber insurance options. These benefits provide immediate financial support for remediation and recovery activities in the event of security breaches or business continuity incidents.

The Kaseya Cyber Insurance Fast Track Program offers the following financial benefits:

Certification Warranty

Cysurance warrants the Kaseya Security Stack, providing up to \$500,000 towards expenses for remediation activities to cover out-of-pocket expenses, if the warranted security control are circumvented. Features include:

- Rapid response for incident expenses
- Up to \$500,000 towards remediation expense activities
- Applied to Ransom and Business Email Compromise events
- Deductible-buy-back for cyber insurance deductible fees

Cyber Insurance

Cysurance Flat-fee Cyber Insurance extends coverage up to the chosen policy limit. Qualifying businesses can bypass lengthy questionnaires and adopted cyber insurance plans at highly discounted premiums.

- 1 M to 5 M cyber insurance coverage options
- First and third - party policy agreements
- Flat - free and discounted premiums
- Breach Coach Assistance
